Non-essential Construction Still at a Halt

In the end of March Governor Andrew Cuomo announced a ban on all nonessential construction sites in an effort to slow the spread of COVID-19 across the state.

The suspension will run through April 19. Essential construction projects include hospitals, health-care facilities, transit, utility work, infrastructure repairs and projects (roads and bridges) and more.

We will do our best to keep you updated weekly with the progress of the Islamic Community Center

How We Got Here

Previous Islamic Community Center committee members met with architects, builders and engaged the community in cleaning the land. Also spent many hours planning, fundraising and activities for the success of the project.

The ISCNY logo at the bottom of the page will take you to the ISCNY web page where you can make a secure donation.
