### Site Work Begins

ISCNY President and Shura member (l & r) with VIP community member at the Islamic Community Center site observing work. Below you see J. K. Tobin Construction Company laying in a road for equipment to access the work area.

In the distance machinery is clearing the site of the building and parking lot. They are working diligently, even in inclement weather.

I know, it's hard to believe that it's actually happening. But it is!
