Islamic Community Center Update

7-10-2020

We Have Come A Long Way!

We will do our best to keep you updated weekly with the progress of the Islamic Community Center

A Long Road, But It Was All Good!

That is how it looked in 2011. A humble group of community members came together to clear a part of the land. The idea was to make a space that could be utilized. An effort that was not effective when you could not uproot trees, only trim the brush, which grows back quickly.

The Islamic Community Center Committee had to get to work on getting site approval from the Onondaga Town Board to do the site work, which you are seeing right now. Heavy machinery has replaced that crew of dedicated members and has cleared 15 acres of the site to make way for the Islamic Community Center.

“It was wonderful to visit the beautiful and impressive land for our soon to be Islamic Community Center, insha’llah.

The land offers so much potential, a true gem for our community.

May Allah make it a successful project and may Allah continue to bless all the sisters and brothers who are working hard to make it a success.” Ameen.
