Work Is Really Moving!

Never thought I'd get excited about a construction site. Well, believe me this one is exciting, because it's our site, our future. Drive by, envision the Islamic Community Center that the road and all this work leads to. You may not want to admit it, but you will get at least a little tingle. Especially when you realize that this will serve generations to come, and your efforts will be a sadaqah jariyah.

We will do our best to keep you updated weekly with the progress of the Islamic Community Center

JUST AROUND THE TURN IN THE ROADWAY IS WHERE THE ISLAMIC COMMUNITY CENTER WILL BE

Alhamdulillah

The Islamic Community Center Site Preparation Project Is Going Extremely Well!

Once the site work is completed, building construction will start and our community will enjoy the benefits of ample parking, space for Islamic education, prayers, youth and adult activities, handicap access, outdoor activities and much more.

Alhamdulillah, the construction did resume on May 15 as corona virus restrictions are eased. The site work phase will be completed before fall of this year, inshaAllah.

We ask you for a favor – ***please pray for a timely completion of this project.*** Be a part of this project by contributing ***whatever you can*** for the Islamic Community Center and see how Allah Subhanahu wa Ta'ala blesses and multiplies your reward.

The ISCNY logo on the right will also take you to the ISCNY web page where you can make a secure donation.
