ISCNY Community Center Update

10-30-2020

THE DRIVEWAY TO THE ISCNY
COMMUNITY CENTER IS A BEAUTIFUL SIGHT,
EVEN ON A RAINY DAY

The driveway to the ISCNY Community Center has a smooth surface.

We will do our best to keep you updated weekly with the progress of the
ISCNY Community Center

The ISCNY Community Center Committee Has Been Busy

The ISCNY Community Center committee has been busy for many years developing this project. We want to give an overview of the activity.

- * Worked closely with Landscape and Design Architects
- * Got Site Plan approval
- * Met with a structural steel builder
- * Did a Feasibility Study
- * Developed a Master Plan
- * Created a website landing page for support
- * Have a street name for CENTRO bus route
- * Weekly Newsletter
- * Held informational community meetings
- * Site work completed
- * Made our first eid prayer at the site

Some steps may have been left out, but I think you get the picture.

The committee has been busy. The committee engaged the community in fundraisers throughout this process, Without your generosity and support the project could not have reached this point—Jazak'llah Kairan.

The ISCNY logo on the bottom right of each page is interactive and will take you to the ISCNY web page where you can make a secure donation.
